

## How do I change my Image on the Pinboard?

 Once you have uploaded an image to the Pinboard you cannot remove it, but you can change it as many times as you like.

 Just upload as you did previously and it will be changed...

 Only the last Image loaded will be visible.

 This function is accessible via the centre Console. Click on the highlighted Image button and follow the instructions.

 Your image should be no larger than 2MB in size, in JPG/JPEG, GIF or PNG formats. Crop or resize the image if too large.

**Upload an Image**

Only images of 2048K (2MB) in size will be uploaded.  
You may need to crop or resize your image before trying to import it.  
The following image formats are supported

- JPG / JPEG
- GIF
- PNG

Title:
